BE POWERED BY PINK

*Thanks for
a Great
Year!*

It's December, the last month of the calendar year. There are still many opportunities to increase your profits and potential new team members -- it just takes some planning and action!

Ending the year with a business success is important, and now is the time to finalize your goals. But remember that your family and friends are also important, so don't forget to make plans to focus on much needed time with them!

Someone once said, it's not how you start, it is how you **FINISH!** How true. We are almost to the end of this year, and I want you to know that I believe that together **WE CAN** make a great finish!

Finally, I want to thank **YOU** for a great year. As your Director, my desire is for you to succeed in your business and in your personal life. All that you've done this year to help us reach our unit goals is much appreciated.

I'm proud to end the year as **YOUR** Director!

Holiday Team

Building

As you build your selling business, take the time to build your team.

- Let people know that right now is the perfect time to start a business because gifts can be purchased at a discount for everyone on their list.
- Don't be afraid of "no". Everyone gets them. If you don't ask, you'll never receive a "yes."
- Don't prejudge her response. There are so many reasons to become a Consultant (income, recognition, personal growth, flexible hours) that there's a good chance something will appeal to your potential new team member.
